MEET THE CAREERS TEAM FOR BPRU!

Miss K Wright Careers Adviser BSc (Hons), Dip RSA, RCDP

I have been a level 6 Careers Adviser for 20 years working within different schools and alternative provision settings in the Tamworth and Burton area. I have worked across various mainstream schools, community-based venues, pupil referral units, training providers, with students who are electively home educated and those who are NEET (Not in Employment, Education or Training). I have significant experience of working with young people with complex needs and barriers to progression. I enjoy supporting young people to develop their ideas and start sowing the seeds of their early career. I believe that the process of guidance is not just about what information young people need to make key decisions, but also about the processes involved in decision making. These decision-making skills help ensure our young people are equipped with some of the tools they will continue to need to build their careers throughout life.

I am a qualified and registered professional member of the Careers Development Institute (CDI)

Ms K Sultan Careers Leader over the Federation: BPRU & KSSS, NVQ in childcare

I have been working with a variety of range of students for around 5 years. At Kettlebrook Short Stay School, I have built up great relationships with our young people and this has been used to further support them with their POST 16 placements. I am now working over the Federation of KSSS and Burton PRU. As the careers leader, I am responsible for keeping a permeant communication stream between the career's adviser and the young people, during the days which the careers adviser is off site. I am responsible for providing our young people with college information within their area as and when this arises; as well as helping our young people to discover what they want to do with their futures; work with students when they return to school from Work Experience etc. I believe that our young people do need guidance in order to achieve their full potential and I am honoured to be part of this journey.

Mrs K Rogers - Executive Headteacher & Sarah Bamber – BPRU Head of School

I have been the Executive Headteacher over the Federation of BPRU & KSSS. I work very closely with the Head of School – Sarah Bamber – who is responsible to ensure that all students have access to careers education, meeting employers, employees, offered Work Experience and being part of the Careers Hub. Sarah works closely with Kelly and Kirsty with her BPRU staff to deliver best practice in the world of work for our single and dual registered students.
